MEET MAGENTO 2018 SWEDEN

On September 17 Meet Magento Sweden 2018 takes place at Piperska Muren in Stockholm. The Meet Magento Association arranges the most prominent Magento e-commerce conferences in more than 24 countries across the world. Finally the event returns to Sweden!

In Germany more than 600 attendees gathered from across the world to listen to domestic and international speakers. At the first event in Sweden more than 300 people attended. This year we're aiming for more than 400 attendees for a full day of presentations and networking.

There will be two tracks during the day, a business track and a developer track. The event will close with a dinner, activities and after-party. Take the opportunity to meet Swedish and international e-commerce owners, Magento agencies, service providers, students and Magento employees.

Meet Magento offers a unique opportunity to exchange knowledge and experiences, make new connections and get information about upcoming trends and technologies from the experts attending. The event is organized by the Meet Magento Association (non-profit) and Nordic Web Team.

For an ideal presentation at the next Meet Magento event we offer you the following sponsorship opportunities. We also consult your individual wishes with pleasure.

We would be pleased to welcome you as a sponsor of the Meet Magento event!
